

FREEDOM MOBILE SAMPLE INVOICE

Let us help you understand your first bill.

A. PRO-RATED MONTHLY PLAN

Your first monthly bill may be higher than expected, as it includes partial charges from your activation date to your first regular billing date, plus the next full month in advance. You will only see this when you first activate your plan or change your plan. Your second bill and further bills will include only that month's charges. We will also show your previous balance, your current charges, and the new total amount due.

In the example to the right: if you activated on Oct. 6 and your regular billing date is on Nov. 10, your **first bill** will include charges from Oct. 6 to Nov. 9, with payment due on Oct. 24.
